

## **Bitcoin Japan Announces Investment in Space Exploration Technologies Corp. (SpaceX)**

Release Date and Time: May 27, 2026, 18:00 JST  
Bitcoin Japan Corporation

Tokyo, Japan — May 27, 2026 — Bitcoin Japan Corporation (TSE: 8105, “Bitcoin Japan” or the “Company”) today announced an investment in Space Exploration Technologies Corp. (“SpaceX”), a global leader in launch systems, satellite communications, and digital infrastructure.

SpaceX operates launch systems and satellite communications services through the Starlink network, and in recent years has expanded into AI infrastructure, AI compute infrastructure, and data center capacity, representing a global structural shift in digital connectivity and compute infrastructure development.

The investment was made through BTCJPN US LLC, the Company’s wholly owned U.S. subsidiary, in the form of an investment into a Special Purpose Vehicle established by a U.S.-based registered general partner. The transaction was executed through the private secondary market.

This investment forms part of Bitcoin Japan’s broader financial and investment activities focused on sectors including digital assets, AI infrastructure, and next-generation digital infrastructure.

### **Management Commentary**

Phillip Lord, Representative Director and CEO of Bitcoin Japan Corporation, commented:

“Following the extraordinary shareholders meeting, we have focused on strengthening Bitcoin Japan’s corporate foundation and positioning the Company for long-term participation in high-growth technology sectors.

The global structural trends surrounding AI infrastructure, AI compute infrastructure, data connectivity, and related digital infrastructure represent what we believe to be significant long-term investment opportunities. Through its launch business and Starlink communications network, SpaceX has established infrastructure assets on a global scale, and this investment aligns with our long-term strategic approach.

We will continue to evaluate investment opportunities aligned with the evolution of digital infrastructure and technology with a disciplined, governance-focused approach.”

### **Supplementary Information**

The Company notes that SpaceX is a privately held company. No assurance can be given regarding future liquidity events, valuation outcomes, or investment returns associated with this investment. This investment is subject to the terms and conditions of the applicable Special Purpose Vehicle and limited partnership agreements.

Bitcoin Japan will continue to evaluate investment opportunities in accordance with applicable laws and regulations, internal governance procedures, and market conditions.

## About Bitcoin Japan Corporation

Bitcoin Japan Corporation (TSE: 8105) is a Tokyo Stock Exchange-listed company focused on strategic opportunities in digital assets, AI infrastructure, and next-generation technology sectors.

## Forward-Looking Statements

This announcement contains forward-looking statements, including statements regarding the Company's strategic direction, investment approach, and views on sector trends. These statements reflect the Company's current views based on information available as of the date of this announcement and assumptions considered reasonable and involve risks and uncertainties that could cause actual results to differ materially from those expressed or implied.

The Company undertakes no obligation to update or revise any forward-looking statements except as required by applicable law or Tokyo Stock Exchange regulations.

This announcement has been published following timely disclosure through TDnet in accordance with the Tokyo Stock Exchange Securities Listing Regulations.
